Signature _____

This application must be approved at a regular meeting of the Marion Township Board of Trustees. The first payment is due after the application is approved and before a permit to connect to the municipal utilities is completed.

The applicant must produce a deed, land contract or other evidence of ownership of the property that an assessment is requested for.

Additional payments are collected on the property tax bill. Sewer payments are collected on the summer tax bill, water payments on the winter tax bill. Interest payments are calculated from the date the down payment is received.
