

Sanitary Sewer Inspection Procedures

- Make payment of REU and permit fees to Marion Township.
- Obtain a permit from Livingston County Building Department
- Contact a *Certified Contractor to connect sewer line.
- **Monday-Thursday, 9am-5pm.....**Before excavation, call Marion Township to arrange for a Township representative to witness the connection of the sewer line.
- Do not start cutting any lines until the inspector arrives.
- The only township employees that do the inspections are the Zoning Administrator, DPW Person, Township Supervisor, Township Engineer_or approved designated inspector. This inspector will show identification as soon as they enter the site.
- City of Howell and the Livingston County Building Department must be called to inspect the connection when it is complete.
- Contractors will draw up as builts and provide them to Marion DPW prior to them signing off on sewer inspection application.
- Failure to comply will result in applicant being responsible for the cost of video taping and cleaning of sewer line.

*To be an approved Certified Contractor to work in Marion Township contractor must be certified every two years. Certification classes will be conducted at the Township two times per year, when certification is complete the Contractor must provide a \$10K Bond to the Township. This is to guarantee that the work is done properly.
