Some of the more significant events for the month included:

On June 12th, Howell Firefighters were dispatched to a reported structure fire in the 900 block of Derby Ln. in Marion Township. Upon arrival crews reported a fully involved 20 X 60 pole barn. DATE: July 13, 2023
TO: Chief Ron Hicks
Fire Authority Board
FROM: Jamil Czubenko, Deputy Chief/Fire Marshal
REF: June 2023 Month End

The month of June 2023 was busy in the Fire Marshal Division (FMD).

The FMD participated in emergency responses and department training throughout the month.

The 38th Annual Balloonfest was June 23-25. The Fire Department was active throughout the event and had a presence at the Balloonfest this year. The Balloonfest was on the Howell High School Campus. We conducted fire safety inspections of all food vendors and the carnival before the start of the event. We were also involved with the Fireworks display for Friday night entertainment and the Saturday night balloon glow. The FMD worked with a new fireworks vendor before, during and after the show. The event was successful and went without incident.

Planning and meetings continue for the 63rd Annual Howell Melon Festival, scheduled for August 18-20. Grand River will be shut down for the weekend and the Melon Run sounds like it's going to be another well attended event. Live music has been brought back to a center stage this year as well. The HAFD will be active throughout the event for many of the activities going on.

The FD continues to share our safety messages and keep our customers informed. Our Facebook page has 5,222 current followers. Our Instagram currently has 890 followers where similar messages and images are shared to promote our department.

Several Food Truck/Trailer events have occurred throughout our jurisdiction, where the FMD has performed fire safety inspections. Mobile Food Vendors (MFV) apply to the HAFD and then get inspected for compliance. This number has continued to grow since we've started. Food truck Tuesday's and the Rock the Block event bring these vendors to the area monthly in addition to the other public events.

Our Smoke Detector Program visited 4 homes, where we evaluated and/or installed new equipment. We've also added Laura Walker as a Child Safety Seat Technician to our program to meet the needs of our customers. We now have 2 technicians within the department.

The FMD has been involved with buyers and sellers of property for vacant property and existing buildings throughout our jurisdiction. A few proposals for projects have been submitted for review and comment. New and renovation construction, along with change of occupancy inspections have continued where we can continue to utilize safe practices for us and our customers.
